

Climate Friendly Farming™: Acknowledgements

The Climate Friendly Farming Project would not have been possible without the significant contributions of many individuals and organizations.

Funders

The Paul G. Allen Family Foundation; Vulcan In.; Washington State Department of Ecology Waste 2 Resources Program; Washington State Department of Agriculture “Appendix A”; USDA National Institutes of Food & Agriculture (formerly CSREES); USDA Natural Resource Conservation Service; USDA Western SARE; Columbia Plateau Wind Erosion / Air Quality Project; PNW STEEP; Western Region Sun Grant; Washington State Energy Program; University of Washington Climate Impacts Group; Whatcom County; King County; Washington Technology Center; California Biomass Program; Puget Sound Clean Cities Coalition / US DOE; Paul Lauzier Foundation; Farming and the Environment; Institute for Washington’s Future; Andgar Corporation; JUB Engineering

Agency / NGO

Mark Fuchs, Laurie Davies, Chery Sullivan, Kara Steward (Washington Department of Ecology Waste 2 Resources Program); Kirk Cook, Jeff Canaan, Mary Beth Lang, Nora Mena (Washington State Department of Agriculture); Peter Moulton (Washington State Department of Commerce); The Washington Agriculture Sector Carbon Market Workgroup; The University of Washington Climate Impacts Group (CIG); Eric Leonhardt (Western Washington University Vehicle Research Institute); Chris Voell (EPA Ag STAR); Chris Clark (Whatcom Conservation District); Patrick Mazza, Rhys Roth (Climate Solutions); Whatcom County Carbon Masters

Industry

Darryl, Judy and Steve Vander Haak (The Vander Haak Dairy); Gary Van Loo, Bryan Van Loo, Marlin Statema, Kyle Juergens, Brad Weg (Andgar); Steve Dvorak (GHD, Inc.); Troy Green (JUB Engineering); Keith Bowers, Multi-Form Harvest, Inc.; George and Dan DeRuyter (DeRuyter and Sons Dairy); The Vlas Dairy; Kevin and Daryl Maas (Farm Power, LLC); Jay Gordon (Washington State Dairy Federation); The Whatcom Dairy Biogas Team; The Pacific Northwest Direct Seed Association (PNDSA); AgriNorthwest; Craig Smith, NW Food Processors Association; Terry Uhling, Simplot

WSU / USDA ARS / WSU Foundation

Dan Bernardo, Carolyn Troy (WSU College of Agriculture, Human, and Natural Resource Sciences); Ralph Cavalieri, Mary Lou Bricker, Tom Kelly (WSU Ag Research Center); Linda Fox, John Winder, Jim Lindstrom (WSU Extension); Ashok Alva, Brenton Sharratt, Jeff Smith, Rick Boydston, Anne Kennedy, Dan Long (USDA Agricultural Research Service); Lynne Carpenter-Boggs, Cindy Armstrong, Andy

McGuire, Michel Wiman (WSU Center for Sustaining Agriculture & Natural Resources); Rich Koenig, David Bezdicek, Steve Fransen, An Hang, Bill Pan, Bill Schillinger, Hans Kok, Dennis Roe, John Brabb, Deb Marsh (WSU Department of Crop & Soil Sciences); Manuel Garcia-Perez, Pius Ndegwa, John Anderson (WSU Department of Biological Systems Engineering); Scot Hulbert (WSU Department of Plant Pathology); Jonathon Yoder, Suzette Galinatioo, Ken Casavant, Phil Wandschneider, Richard Shumway, Herb Hinman, Doug Young, Dave Holland (WSU School of Economic Sciences); Joe Harrison (WSU Department of Animal Sciences); Dave Sjoding, Kim Lyons (WSU Extension Energy Program); Aaron Esser (WSU Extension); Jerry Tangren (WSU Tree Fruit Research & Extension Center); Rick Finch (WSU Compost Facility); John Swain (WSU Dairy Center); Brian Lamb (WSU Laboratory on Atmospheric Research); Devon Anderson, Karin Neuenschwander (WSU Foudation)

CFF Project graduate students, post-doctoral research associates, and research technicians

Craig Frear, Georgine Yorgey (WSU CSANR); Stewart Higgins, Tabitha Brown, Armen R. Kemanian, Jason Streubel, Ryan Davis (WSU Department of Crop and Soil Sciences); Shawel Haile-Mariam, Rebecca Cochran, David Uberuaga, Shawn Wetterau, Derek Appel (USDA Agricultural Research Service); Usama Zaher, Tianxi Zhang, Roger Nelson, Liang Yu, Zhiwu Wang, Tim Ewing, Guobin Fu, Anping Jiang, Chenlin Li, Rongping Li, Wei Liao, Jingwei Ma, Javier Marcos, Pramod Pandey, Bingcheng Zhao, Quanbao Zhao, Michael Richardson (WSU Department of Biological Systems Engineering); Dan Coyne, Kay Oakley (WSU Whatcom County Extension); Debra Davidson (WSU Puyallup); Clark Bishop (WSU School of Economic Sciences);
